About Gold Rush

The Gold Rush Classic Jackpot Hog Show has quickly become one of the most exciting and well-supported junior livestock events in the region. With strong participation year after year, the show continues to grow in size, impact, and reputation — thanks to the dedication of our exhibitors and the incredible support of our local community. One of the highlights of the weekend is our infamous costume contest, a fan-favorite tradition where nearly all of the exhibitors take part. It's a lively and creative part of the show that brings everyone together and truly sets Gold Rush apart.

This event not only showcases the hard work and passion of young livestock exhibitors, but also unites families, friends, and ag supporters from across California and beyond. We're proud to host the show at the El Dorado County Fairgrounds, located in the heart of historic Placerville, and to share our local heritage with guests from near and far.

The Gold Rush Classic is more than just a show — it's a fundraising event with a mission. All proceeds benefit the El Dorado County Fair Heritage Foundation, and thanks to the generosity of our sponsors and community, we're thrilled to share that brand-new pens have now been installed in the hog, sheep, and cattle barns. These improvements enhance safety, comfort, and the overall experience for all exhibitors and animals.

Putting on a show of this scale takes an incredible team effort — from volunteers and families to local businesses and donors like you. Your sponsorship helps us continue this tradition, improve our facilities, and give back to the youth of our industry.

The raffle portion of our event is so vital to making this event successful. Any raffle donations we receive contribute to us getting closer to reaching our fundraising goals.

Thank you for helping us keep the Gold Rush Classic strong — and for supporting the next generation of livestock leaders!
