Safety Gear Information			
MANDATORY safety gear needed to participate			
Seat Belts	Fire Extinguisher	Roll Protection	Helmet
NOT MANDATORY SAFETY GEAR			
Fire Suit			

Stock – A vehicle that has been slightly modified while remaining the original type of drive train and suspension. Suspension upgrades like Long Arm Kits are acceptable if they are the same style as OEM. Tires in size less than 37"

UTV/Side by Side – Can be stock or modified. Inspectors have the right to move you into a Modified class upon inspection

Modified – A vehicle that has undergone major upgrades, whether in the drive train or suspension, but retains most of the original vehicle's frame and body. Tires 37" and larger

Unlimited – any other vehicle that meets the safety requirement and is built for the intent of rock crawling/racing

Your class may be changed at the discretion of the Inspection Tech.

To enter BOUNTY HILL EVENT, you must participate in 1 other class.

All drivers need to complete TECH INSPECTION by 12 pm. Gate opens at 10 am. Tech Inspection is in the Pit Area of Placerville Speedway, at the Fairgrounds.
